Dear Professor Matthew,

I hope you find this email in good health.

It has been almost a month since our last email and the grade hasn't
been updated. The enrollment starts this month for session one 2025
and I need COMP 3000's grade for my enrollment. Furthermore I have to
apply for credit overload for session one and again for that I need
the grade for COMP3000. Without it I can't graduate on time.

I am offshore for my activity placement so email is the only point of
contact with the university, I hope you can imagine the frustration
and helplessness I am going through.

I have emailed the service connect and I am requesting you to please
look into it and get it resolved as soon as possible please.

Regards,
Syed Hammad Razi
